MEMORANDUM FOR

Distribution

FROM:

Steven V. Cary *Stm Cary*

SUBJECT:

Changes in Defense Nuclear Facilities Safety Board
Recommendation 2000-2 Executive Team

This memorandum updates my memorandum of January 9, 2001 subject "Management Structure for actions under Implementation Plan for Defense Nuclear Facilities Safety Board (Board) Recommendation 2000-2, *Configuration Management, Vital Safety Systems.*"

The membership of the Executive Team has changed to reflect new assignments and changes among the original members. Beverly Cook has replaced Mike Oldham as the Environmental Management (EM) representative, Shirley Olinger of the Richland Operations Office has replaced Beverly Cook as the Field representative for EM, and James Turi has replaced Milt Johnson of Science. Ralph Erickson of NNSA and Carol Sohn of the Oakland Operations Office continue. I continue as chair of the Executive Team and my previous delegation to Neal Goldenberg remains in effect. Jeff Kimball of Defense Programs, Bill Boyce of Environmental Management, and Earl Hughes of my office will handle day-to-day administration of the plan. Attached is a list of headquarters and field contracts for the implementation plan
